I attended a joint City/County meeting on April 3<sup>rd</sup> at the Tehama County Board of Supervisors Chambers to discuss passage of an ordinance that requires manufacturers of pharmaceutical drugs and sharps to develop, fund, and manage a pharmaceutical drug take back program. Passage of such an ordinance would be one tool in the tool box to better tackle opioid abuse and addiction within our community. The next step will be formally asking each jurisdiction if they are interested in pursuing such an ordinance.

#### **AirCon Energy Proposal:**

I met with AirCon Energy to discuss energy efficiency improvements within City buildings. AirCon Energy will make a proposal to the City Council at its April 25<sup>th</sup> meeting and ask the Council to select the firm pursuant to Government Code Section 4217.10-4217.18. Assuming the City Council selects AirCon Energy, the firm would then conduct an investment grade audit. Preliminary estimates indicate first year savings of approximately \$22,900.
