

CITY OF CORNING WEED ABATEMENT STANDARDS

The following standards are considered as a minimum. The fire department may require additional abatement due to terrain, height of growth, location, brush or use of land, etc.

Weeds, grasses or combustible growth can be abated by, mowing, scraping or disking. If mowed, the height cannot be more than four (4) inches above the ground.

ABATEMENT OF STANDING WEEDS AND GRASS BY OPEN BURNING IS NOT PERMITTED

LAND AREAS THREE (3) ACRES OR LARGER

1. A cleared space (fire break) 30-feet wide around the perimeter of the property to the street or sidewalk. A 30-foot wide cross break shall run the length and width through the center of the property.
2. A cleared space extending at least 10-feet beyond the foliage of any group of trees.
3. A cleared space around all buildings a minimum of 30-feet.

LAND AREAS LESS THAN THREE (3) ACRES

1. **COMPLETE ABATEMENT.** All weeds, grasses or other growth that could be expected to burn when dry must be mowed or removed from the entire parcel.
2. All woods or lumber shall be neatly stacked or removed from the property.
3. All weeds, grass or other combustible growth shall be cleared at least 10-feet from around combustible storage.
4. All weeds, grasses, trimmings and other rubbish considered a fire hazard must be cleared from property bordering any alleyway.

*NOTICE TO ALL PROPERTY OWNERS WITHIN THE CORNING CITY LIMITS ARE HEREBY NOTIFIED TO REMOVE OR DESTROY ALL NOXIOUS OR DANGEROUS GRASS, WEED OR PLANTS, PRIOR TO **JUNE 15TH** OF EACH YEAR.*

ABATEMENT AND PROPERTY LIEN WILL BE ISSUED pursuant to City Ordinance 656 for infraction violations thereof against all property owners failing to comply with this notice
